+998 71 2350900

Tashkent and Urgench, Uzbekistan

### CALL FOR PAPERS

The 2021 IEEE and IFIP International Conference in Central Asia on [Information Science and Communications Technologies ICISCT 2021](#) invites high-quality recent research results in application of the next generation of information and communications technologies on Education, Telemedicine, Finance and Economy, Social Science, Business and Government.

### TRACKS

- Mobile Communications
- Internet-of-Things IOT
- Big Data
- Smart Grid
- Impact of 5G on Rural Communications
- Green Communications
- Game Theory and its Application
- Wireless Communications and Networking
- Cognitive Green Radio Communications
- Optical Communications and Networking
- Simulation, Modelling and Analysis and Performance Evaluations
- Network Management and Services
- Health Care and Home Networking
- E- and M-Commerce
- Satellite Communications Systems
- Internet and IP Telephony and IPV6
- Architectures, Devices and Security and Privacy
- Bio-Engineering
- Military Application of Communications and Information Security
- Intelligent Transportation Systems
- Application of Information and Communications Technologies
- Cloud Computing
- Smart Grid Communications, High/Low Power Transmission
- Design of Smart Cities and Social Networking
- Telemedicine and Social Networks
